

## Q U O T A T I O N

### WASHING MACHINE UNIKON

For washing of crates with dimensions 600x400x100-320

Type	UNW-2000 : UNB 1000/2
El. Connection	400 V, 50 Hz, 3 phases
Total el. power	50 kW
El. power circulating pump	7,5 kW
Pump flow	36 000 L/h - 4,5 bar
Water consumption	8-12 liters per minute
Tank volume	Approx. 200 liters
Filter holes size	1,5 mm
Water connection	3/4"
El.power regulating gear	0,37 kW
Conveyor speed	2-6 meters per minute (adjustable)
Conveyor type	2 stainless steel chains with grapples,
Max. conveyor weight	35 kg / m
Fans el.power	4,2 kW
With el.heating	El. heaters - 36,0 kW
Total weight	Approx. 775 kg

Machine dimensions

Length 500 cm (with input/output extensions)

Height 190 cm

Conveyor opening:

Max.width 60 cm

Max.height 30 cm

Productivity: 200-800 crates per hour

Noise level with normal working conditions 74-84 dB
