

QUOTATION

Metal detector CASSEL type DSP 500x250

For detection of presence of metal fragments
Machine dimensions: LxBxH (1630x820x1900mm)
Width of product transition: 450mm
Height of product transition: 220mm

Conveyor speed: adjustable from 2 to 120 m/min

Waterproof control board

Conveyor length: 1600mm
Voltage: $U=230\text{v}$ 50Hz $P=100\text{VA}$
