

QUOTATION

VACUUM TUMBLER INJECT STAR

Type: ES 800

Volume of the machine: 800 liter

Computer control of working and pause mode

Program control

Setting total time

Automatic unloading

Vacuum 0 – 95 %

Vacuum system with filter

Machine dimensions in mm:

Width 1 400 mm

Length 2150 mm

Height 2050 mm

Installed power: about 1,8 kW

Voltage: 400 V, 50 Hz
